MEMORANDUM FOR THE EXECUTIVE SECRETARY, NATIONAL SECURITY COUNCIL:

Subject: Amendment of NSCID No. 9 to include the Federal Bureau of Investigation in the list of Member Organizations of the United States Communications Intelligence Board.

1. At the most recent meeting of the United States Communications Intelligence Board (USCIB), the members considered the question of extending an invitation to membership to the Director, Federal Bureau of Investigation (FBI). Such consideration was deemed appropriate in that certain matters now before the Board are of obvious import to the FBI.

2. It was realized by the members that paragraph 2 of the subject directive does not make provision for FBI membership; however, the Board was in unanimous agreement upon the advisability of forwarding to the Director, FBI, an invitation to membership, acceptance of which would be subject to final confirmation by the National Security Council.

3. Accordingly, the Director, FBI was issued an invitation to membership on USCIB which he has accepted, subject to the condition stated above.

4. It is requested, therefore, that the feeling of the National Security Council in this matter be determined and, in the absence of opinion to the contrary, action be taken to amend paragraph 2 of the subject directive to include the FBI in the list of member organizations of USCIB.
